You must always have a valid reservation the entire time you are using a vehicle. If you need to extend your reservation, you must do so before your reservation expires. If the car is not available for the time period you wish to extend it, you must still return the vehicle before your reservation expires. Be sure to allow enough time for your reservation. When making a reservation, always assume another owner is waiting to use the vehicle after you and is expecting a timely return as the system does NOT put a buffer between reservations. If you're not certain how long your trip will take, it is always best to schedule more time than you will actually need. - Reservations are on a first-reserved, first served basis. Cancelled reservations are liable for charges. - Only the person who has made the reservation can drive the vehicle. - You must return the vehicle on time to the reserved car share spaces within the Base Village before your reservation ends. - When finished with your reservation close all windows, take all personal belongings and trash with you. You will be charged for cleaning if the car is excessively dirty when returned. - No smoking of any kind is permitted in the car share vehicle.
